Acting Commanding General, CAC

AMERICA'S ARMY:
THE STRENGTH OF THE NATION

"Intellectual Center of the Army"

Network enabled Mission Command Vision

- Operate Daily from a Command Post, not a headquarters or TOC
- Install, operate, maintain, troubleshoot & employ mission command systems/network daily- Garrison Operations and Training, not just collective training events
- Leaders, soldiers develop the "art" of employing & fighting the network

Individual Training

Operations

Collective Training

Mission Assumption

We need "repetition-confidence-mastery" of the entire array of networks and mission command systems
